

LOGISTICS MANAGEMENT SYSTEM

End-to-end software for transporters, courier and delivery companies, distributors and freight forwarders across East Africa.

1

DELIVERY & DISPATCH SYSTEMS

FROM **KSh 250,000**

2

LOGISTICS MANAGEMENT PLATFORMS

FROM **KSh 450,000**

Every order, vehicle and shilling,
tracked from pickup to proof of delivery.

Indicative pricing. Final pricing is based on fleet size,
modules and integrations.

 Live GPS tracking

 Driver mobile app

 Proof of delivery

 eTIMS & M-Pesa ready

PACKAGES

LOGISTICS SYSTEM PACKAGES

Each package is a full software project: a web platform for your office team and an Android app for your drivers, built around your routes, customers and billing.

1 STARTER Delivery & Dispatch System

INDICATIVE INVESTMENT

KSh 250,000 – 350,000

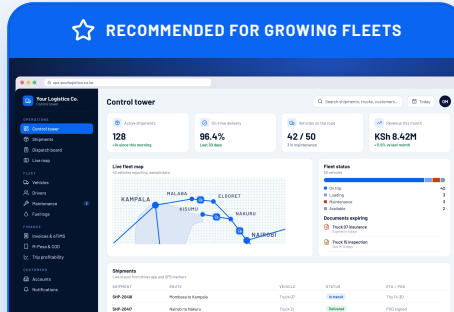

⌚ Typical delivery: 6–8 weeks

A web dispatch system and driver app that replace WhatsApp groups and spreadsheets.

DISPATCH & DELIVERY FLEET & FINANCE NETWORK & WAREHOUSE

- ORDERS & WAYBILLS**
Orders, waybills, pickup and delivery details, bulk upload from Excel
- DISPATCH**
Dispatch board to assign drivers and vehicles and follow every trip
- DRIVER APP**
Android app with trips, stops, navigation hand-off and offline mode
- PROOF OF DELIVERY**
Photo, signature and OTP confirmation on every order
- CUSTOMER UPDATES**
SMS tracking link with live delivery status
- REPORTS & GO-LIVE**
Delivery and driver reports, setup, training and 30 days of launch support

Best for: courier, delivery and small transport companies.

2 BUSINESS Logistics Management Platform

INDICATIVE INVESTMENT

KSh 450,000 – 650,000

⌚ Typical delivery: 10–14 weeks

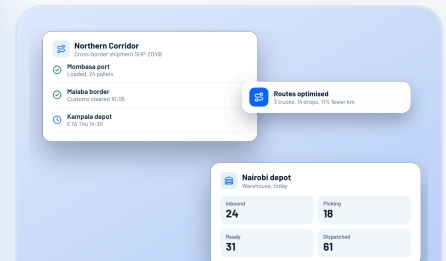

Dispatch, live tracking, fleet, billing and customer service in one platform.

DISPATCH & DELIVERY FLEET & FINANCE NETWORK & WAREHOUSE

Everything in Starter, plus:

- OPERATIONS**
- FLEET**
- FINANCE**
- CUSTOMERS**
- LIVE TRACKING & ROUTES**
Live map via driver app or GPS trackers, route planning and ETAs
- FLEET**
Vehicles, drivers, document reminders, maintenance and fuel logs
- FINANCE**
Quotes, eTIMS invoicing, M-Pesa and COD reconciliation, profit per trip
- CUSTOMERS**
Portal to book, track and download PODs and invoices
- CONTROL & INSIGHT**
Geofence and SMS alerts, roles, audit trail and KPI dashboards

Best for: transporters, distributors and courier fleets.

3 ENTERPRISE Multi-Depot Platform

INDICATIVE INVESTMENT

KSh 800,000 – 1,200,000+

⌚ Typical delivery: 16–24 weeks

For operators running depots, warehouses and cross-border routes at scale.

DISPATCH & DELIVERY FLEET & FINANCE NETWORK & WAREHOUSE

- Everything in Business, plus:**
- DEPOTS & WAREHOUSING**
Multiple depots; receiving, storage, picking and dispatch
- CROSS-BORDER CORRIDORS**
Kenya, Uganda, Tanzania and Rwanda routes with border and customs document tracking
- OPTIMISATION**
Automated route optimisation and load planning
- INTEGRATIONS**
ERP, accounting, e-commerce, telematics and partner APIs
- ADVANCED INSIGHT**
SLA tracking, fleet utilisation, fuel and driver behaviour analytics

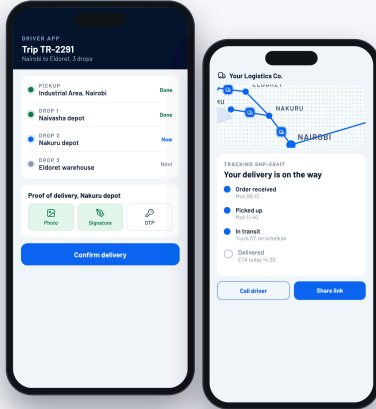

Built for regional, multi-depot logistics networks.

Indicative pricing. Final pricing is based on confirmed scope, fleet size, modules and integrations. GPS trackers, driver phones, map, SMS and payment charges are billed separately. Delivery times start after scope sign-off. Screens shown are illustrative concepts.

FEATURES & ADD-ONS

BUILT FOR HOW GOODS MOVE

A driver app and tracking link for the road, and a control tower for the office.

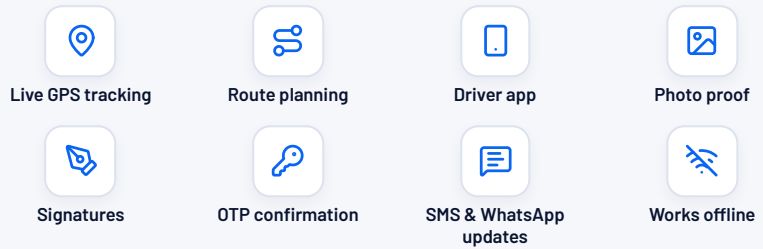

Illustrative concept design

ON THE ROAD

DRIVERS STAY ON TASK. CUSTOMERS STAY INFORMED.

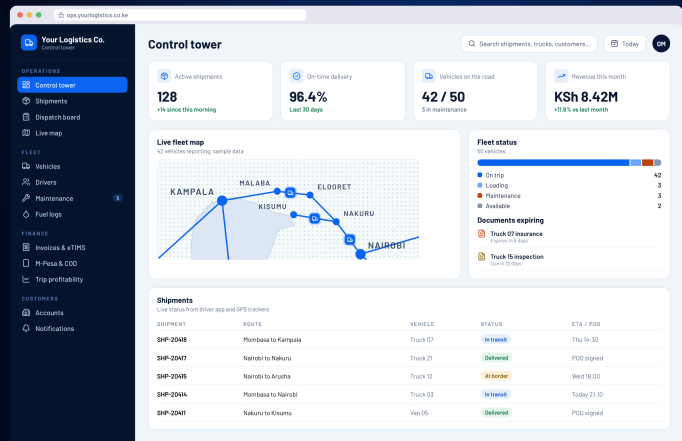

Drivers get their trips, stops and proof-of-delivery steps on their phone. Customers get a live tracking link instead of calling your office.

CONTROL TOWER

ONE VIEW OF EVERY TRIP AND SHILLING

Business and Enterprise packages add a control tower where dispatchers, fleet managers and finance teams work from the same live data.

OPERATIONS

- Orders & waybills
- Dispatch board
- Live map
- Proof of delivery

FLEET

- Vehicles & drivers
- Maintenance
- Fuel logs
- Document expiry

FINANCE

- Rates & quotes
- eTIMS invoices
- M-Pesa & COD
- Profit per trip

CUSTOMERS

- Customer portal
- Notifications
- PODs & invoices
- Service reports

+ OPTIONAL SERVICES

ADD WHAT YOU NEED

Add modules as your network grows. Each add-on is scoped, quoted and scheduled with your project.

Final pricing depends on project requirements, fleet size and integrations.

HOW WE DELIVER

DEVELOPMENT PROCESS

TERMS

COMMERCIAL INFORMATION

PROJECT COMMENCEMENT	Work begins after scope confirmation, a signed agreement and the initial payment.
MILESTONE PAYMENTS	40% Deposit 30% Core system delivered 20% After pilot 10% Go-live
DEVICES & TRACKERS	Drivers use Android smartphones; GPS trackers are optional. Both are client-supplied or quoted separately.
THIRD-PARTY COSTS	Maps, SMS and WhatsApp charges, tracker data plans, payment fees, app store accounts and hosting are billed separately unless quoted.
DATA & ONBOARDING	The client provides fleet, driver, customer and rate data, unless data migration is included as an additional service.
CHANGES	Reasonable revisions within the agreed scope are included. New features requested during development are quoted as change requests.
OWNERSHIP & HANDOVER	Final project assets and access are handed over after full settlement, subject to the agreed project terms.
MAINTENANCE & SUPPORT	Hosting, monitoring, backups, updates and support with agreed response times are provided under a separate monthly agreement.

LET'S MOVE YOUR LOGISTICS FORWARD.

CodeHive Inc. builds logistics and fleet platforms for East African businesses, from first pickup to proof of delivery, across depots and borders.
